PROJECTS

OpenPulse — 3D Dependency Graph Explorer github.com/aiverseofshalab/Open-Pulse
Tech Stack: Next.js, React, TypeScript, Three.js, Python, FastAPI
- Built a web interface for analyzing public GitHub repositories and visualizing their direct package dependencies.
- Developed a FastAPI backend to retrieve package metadata and direct dependencies through the GitHub API.
- Created an interactive 3D graph with selectable nodes, connectivity details and illustrative risk scores; added fallback demo data, API error handling and deployment configuration.

AI-Powered IR Survey Agent github.com/aiverseofshalab/Call-Agent
Tech Stack: Next.js, React, TypeScript, Node.js, Express, Twilio, Supabase PostgreSQL
- Developed an automated IVR survey platform that calls contacts, asks survey questions and records responses.
- Built a survey dashboard with contact-file upload and Excel-compatible response export.
- Integrated backend voice survey functionality with Twilio and connected survey processing with Supabase; implemented survey progress tracking.

Ciphera — Personal Password Intelligence github.com/aiverseofshalab/ciphera-password-intelligence
Tech Stack: Java 21, Spring Boot 3, Maven, Python, HTML5, CSS3, JavaScript
- Developed a Java-based REST API that analyzes password characteristics and returns a strength score with clear feedback.
- Integrated a Python analyzer using JSON over standard input/output.
- Built a responsive interface with show/hide password control and health checks for the analysis service; no passwords are stored.

EXPERIENCE & LEADERSHIP

Web Development Intern — CodSoft Dec 2024 – Jun 2025
- Worked on responsive web development and UI implementation.

Chief Marketing Officer — AIALCHEMIST Jun 2025 – Present
- Supported branding, marketing and coordination initiatives.

Open-Source Contributor / Campus Ambassador — GirlScript Summer of Code Jul 2025 – Present
- Participated in open-source contribution and student engagement activities.

Campus Ambassador — Unstop Aug 2025 – Present
- Supported student outreach and awareness of technology events and opportunities.

CERTIFICATIONS

- SQL (Advanced) — HackerRank
- Cisco Networking Academy — Data Analytics Essentials; Find Insights with AI; Introduction to Modern AI; IT Essentials
- AWS Educate Machine Learning Foundations — Amazon Web Services
- Introduction to Git — Microsoft

ACHIEVEMENTS & COMMUNITIES

- Top 10 — CodeNakshtra 2.0 (Noida, India)
- 1st Rank — College Semester Project Evaluation (GGITS): frontend for Sentinelle (Safelet), an IoT safety wearable with GPS tracking, fall detection and blockchain-backed tamper detection.
- Open Source Contributor — Open Source Connect India 2025 | Campus Ambassador — Physics Wallah
- Member — AWS Student Community, Google Developer Group (GDG), AnitaB.org
